Description

This is the latest and greatest from Samsung. The S10e packs a powerful punch with the most powerful and capable hardware all encased in a beautiful and comfortable compact frame. The cameras are the best in the business with outstanding quality. The display is completely edge-to-edge and is voted one of the best displays in a smartphone for great colors and visibility in direct sunlight. Storage is well taken care of with a beefy 6GB of RAM and a lavish 128GB of internal storage. The S10e is the best compact smartphone you can buy right now.

Specifications

Did you know that Samsung Galaxy is celebrating it's 10th year anniversary with the Galaxy S10 series being the star of the show. This Samsung Galaxy S10e features a very compact form factor providing a full screen experience to a phone that fits in every pocket. Don't let the size fool you, it still gets it's power from the same internals powering it's bigger sisters ensuring size does not stop you from being productive. This is the smartphone that delivers the very best Samsung has to offer in performance, efficiency and all this without sacrificing any headphone jacks. You want the latest and greatest with zero compromise? This is the smartphone that has it all. Samsung Galaxy S10e **Display**
