Description

This is the hub for your smart home. It allows you to control all your smart appliances on one central place. Turn on and off lights in specific rooms, adjust the air conditioning, see who is at the door in the comfort of your couch. Do all this and more on the Google Home Hub. The perfect accessory to a fully fledged smart home.

Specifications

The Google Nest Hub is the command center for that smart office or smart home experience. With the built in speaker, screen and mic you can get Google Assistant to play you a video of that recipe you saw on YouTube. You can connect it to other smart home appliances like air conditioners, wireless cameras, smart speakers and smart bulbs and optimize as well as monitor your office or home remotely. Want the living room to be nice and warm when you get back home? Want to see if the mail delivered that package? Do it all on the Google Nest Hub.
