Description

This Samsung Galaxy Note 9 features the most comprehensive Android experience thanks to the S Pen, the biggest display ever in a Galaxy Note device and an even better battery life and storage option. This is the smartphone that delivers the very best Samsung has to offer in performance, efficiency and all this without sacrificing any headphone jacks. You want the latest and greatest with zero compromise? This is the smartphone that has it all. Samsung Galaxy Note 9

Specifications

The Samsung Galaxy Note 9 is the most extreme Galaxy smartphone. It has a giant edge-to-edge screen with phenomenal clarity and detail, voted one of the very best displays in a smartphone. It has a total of superb cameras for the very best photos no matter what the angle. The battery is big enough to last you 2 days before you need a top up and with the S Pen you have in your hand the most powerful Android device on the market **Qualcomm Snapdragon 845 processor** The octa-core processor and 6GB of RAM deliver outstanding overall performance for opening and running applications, flipping through menus, running home screens and more. **Android 8.1 Oreo** Offers a fresh, fast platform to help you stay connected and productive while you're on the go. **4G LTE speed** Provides fast web connection for downloading apps, streaming content and staying connected on social media. **See even more with Samsung Infinity display** Galaxy Note9 has a large 6.4" screen. Perfect for gaming and streaming, the Super AMOLED display is bigger than before. **Intelligently recognizes scenes and optimizes colours for brilliant shots** With a camera that automatically enhances every picture, Galaxy Note9 does all the heavy lifting for effortless photos. **Adapts like the human eye for spectacular shots, day or night** The revolutionary dual-aperture lens self-adapts between f/1.5 and f/2.4 apertures depending on available light, so you get beautiful photos in any light.¹ **Intelligently detects flaws, so it's nearly impossible to take a bad shot** With a camera that immediately catches closed eyes or blurred images, you're always left with a perfect on-the-spot shot. **128GB storage. Store more, delete less** Galaxy Note9 has twice as much storage as Note8, which means more music, more videos, more pictures, and less worry when it comes to space on your phone. **Intelligent Bixby interface** Learns your routines to serve up the right content and apps at the right time, keeps track of your to-do list and gives you a deeper understanding of what you are looking at. **All-new S Pen. Now with intelligence for ultimate control** Still amazing on screen, now it has more power off screen. Remotely control different applications and capture shots from far away, scroll, play music, and stop/start recording video. **IP68 rating** The phone is protected from dust and can also withstand being submerged in 5' of static water for up to 30 minutes. **Powerful, all-day battery** When you have a long-lasting battery, you really can go all day and all night.² **Cutting-edge modem for remarkably fast downloads and uploads** Galaxy Note9 gives you a quick network connection for incredibly fast streaming and downloading, so you can do more, uninterrupted.³ **Use your smartphone as a mobile hotspot** Share your 4G data connection with other compatible wireless devices.
